Summary

The National Citizen Survey™ (The NCS™) is a collaborative effort between National Research Center, Inc. (NRC) and the International City/County Management Association (ICMA). The survey and its administration are standardized to assure high quality research methods and directly comparable results across The NCS communities. This report discusses differences in opinion of survey respondents by four different groups of neighborhoods: CRA and Coastal communities; Northern Loxahatchee River/Riverside Drive communities/Central Jupiter & charter neighborhoods; Western communities & The Shores/Heights, Hamptons, Indian Creek and Loxahatchee Club; and Abacoa/Admiral's Cove & Bears Club.

Responses in the following tables show only the proportion of respondents giving a certain answer; for example, the percent of respondents who rated the quality of life as “excellent” or “good,” or the percent of respondents who attended a public meeting more than once a month. ANOVA and chi-square tests of significance were applied to these comparisons of survey questions. A “p-value” of 0.05 or less indicates that there is less than a 5% probability that differences observed between areas are due to chance; or in other words, a greater than 95% probability that the differences observed are “real.” Where differences were statistically significant, they have been shaded grey.

The margin of error for this report is generally no greater than plus or minus five percentage points around any given percent reported for the entire sample (322 completed surveys). For each of the four neighborhoods groups (CRA and Coastal communities, Northern Loxahatchee River/Riverside Drive communities/Central Jupiter & charter neighborhoods, Western communities & The Shores/Heights, Hamptons, Indian Creek and Loxahatchee Club, Abacoa/Admiral's Cove & Bears Club), the margin of error rises to approximately plus or minus 13 percentage points since sample sizes were approximately: 108 for CRA and coastal communities, 53 for Northern Loxahatchee River/Riverside Drive communities/Central Jupiter & charter neighborhoods, 96 for Western communities & The Shores/Heights, Hamptons, Indian Creek and Loxahatchee Club, and 65 for Abacoa/Admirals' Cove & Bears Club.
