## WHAT IS PICKLEBALL??

Pickleball is a racquet sport which combines elements of badminton, tennis, and table tennis. This fun game is played on a court with the same dimensions as a badminton court. The net is similar to a tennis net, but is mounted 2 inches lower. It is played with a perforated plastic baseball (similar to a whiffle ball) and wood or composite paddles. This is a great sport for all ages and is easy for beginners to learn, but can develop into a quick, fast-paced, competitive game for experienced players.
