

Dashboard- My Permits

The JCDS Dashboard allows access to information on permits, plans, inspections, and invoices. Clicking the circles or “View My Permits” provides detailed permit lists which are organized by number, project address, type and status.

If you have an existing Jupiter Community Development Account and this is your first time seeing this new portal (updated: July 2019) you will need to re-register. Please visit our guides page for help on logging in and using this portal.
