 up.

Left there at 2:30  
 for home.

I was just washing  
 up when I heard  
 the boat coming  
 so I rushed upstairs  
 & put my clothes on  
 I heard the boat start  
 & then it stopped  
 & I did not hear it  
 any more so I said  
 to Art that they  
 must of broke down  
 so I took the row boat  
 & started out for a  
 row.

I got as far as  
 Sweet's so I hollered  
 in & asked them  
 if they had seen  
 anything of my folks  
 & she said that they  
 had broke down

I stopped at Henry's  
& had gotten him  
to take them home  
in the automobile.

The first thing  
I did was to feel  
the car radiator &  
sure enough it  
was open about  
4 inches around &  
that was the reason  
why she would not  
run as she was get-  
ting too much gas.

While I was  
cooling with the  
boat gear came  
down I told him  
to wait a few min-  
utes, so I ran over to  
Sweet up & she

gave me some  
sandwiches & milk  
I then. Sweeney & Karl  
came over here  
with me.

We did  
not get to Jupiter  
until after 7 & the

 car with her ad-  
 then so I went  
 over & spoke - she  
 introduced me to  
 her father.

I wrote a  
 letter to Pop at Erie  
 to buy & sell sent  
 Mary some hand  
 knickknacks for her  
 birthday.

fire he started it  
himself.

Sweeney tried  
 to get Braydine to  
 come in the show  
 after the Professor  
 spoke but he would  
 not go in.

It sure is  
 discouraging to  
 Sweeney to have  
 people go back on  
 him.

from show at 11. PM
