Full trends

This table contains the trends over time for the Town of Jupiter. The combined "percent positive" responses for each survey year are presented (e.g., excellent/good or yes). If the difference between the 2019 and 2021 surveys is greater than 7 percentage points, the change is statistically significant.

It is important to note that in 2020, The NCS survey was updated to include new and refreshed items. Consequently, some of the trends may be impacted due to wording modifications that could have potentially altered the meaning of the item for the respondent.
